CONCERTO
PER PIANOFORTE E ORCHESTRA

Riduzione per pianoforte strumento a tastiera

www.pandolfopaolo.com

Nuvole scure si addensano; qualcosa è già accaduto.
I suoni degli archi pulsano, si contorcono e stridono, come gli sbuffi del nero che avanza con inesorabile lentezza.
Siamo soli con la nostra umanità, inermi come gli scarni ricami pianistici che galleggiano sul profondo dei contrabbassi. Da questa semplicità minimalista fa breccia l'Arte che non si vuole piegare alla natura così indifferente e crudele, essa ci carica di una forza ribelle che prende via via coscienza, sembra dirci: "dove vuoi andare? Io ti porto, con me tutto è possibile".

Le ho chiesto solo di portarmi a salutare un'anima.
